323 New Albany Rd. Suite B
Moorestown, New Jersey 08057

UPGRADE YOUR TABLE NOT YOUR BUDGET

VALUE

Minimizes resource requirements,
helping the facility maximize return
on investment

SURGEON-CONTROLLED

Requires no additional assistance
from persons outside the sterile field

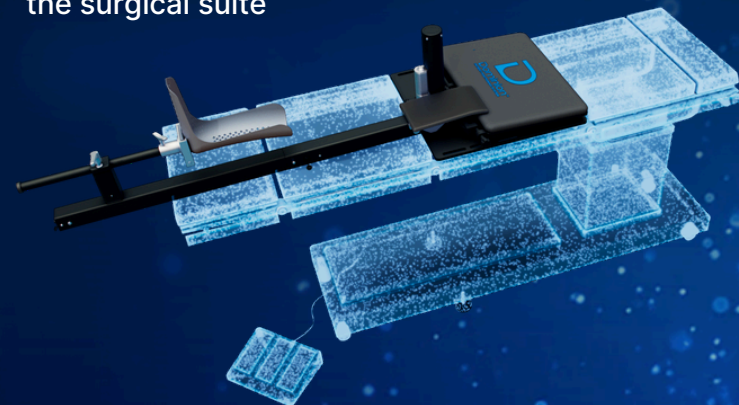

AUTOMATION

Powered automation for traction,
rotation, pelvic alignment, and
femoral access

PORTABILITY

Fits any standard OR table and shelf-storable in
the surgical suite

EFFICIENCY

Reduces OR time between cases;
Quick turnaround after use and easily moved
between operative suites

COMPLIANCE

No risk of compliance violations with
patient contact
